The replication task

Own Your SECAP

- **International** replication municipalities, in addition to **national** replication municipalities
- Participants today are defined as **international replication organisations**
- Support/empower/foster municipalities to identify, select and implement at least **three measures** for clean energy transition per municipality
- **One-to-one consultations** (knowledge transfer and OwnYourSECAP approach) from the international replication organisation to the replication municipality
- **Agreement** between an OwnYourSECAP beneficiary and the international replication organisation
- The tasks execution are proofed in a traditional way, by e.g. signed participant lists
- There is no need for signed proof of working hours done by the international replication organisation
